79th Annual Convention

The 79th annual meeting of the National Shellfisheries Association will be held in Halifax, Nova Scotia from Sunday August 9 through Thursday August 13, 1987. Negotiations with the hotel, Chateau Halifax, are nearing completion. Hotel rates will be $70 (Canadian) for either a single or double room. Students will be housed, four to a room, for $90 (Canadian). Alternative housing arrangements for students have also been made at a nearby dormitory for only $14 (Canadian) per night. Special reduced rates on air fares are available through Air Canada. For more information, contact Air Canada's Convention Central desk at 1 800 361 7585. Meeting registration costs are not yet known, but charges are expected to be about the same as last year. A variety of activities are being planned including: a President's Reception, special seafood dinner, tours of local aquaculture facilities and a fashion show sponsored by a local furrier. Additional details about the meeting will appear in the spring issue of the Newsletter and a pre-registration packet that all NSA members will receive when arrangements have been finalized. John Manzi, NSA Site and Registration Committee Chairman, reports that the NSA Convention Coordinating Committee in Halifax (Brian Muise, Chairman, Gary Newkirk, Cyr Couturier, Robert Eliner, Joan Kean, Paul Budreski and Rene Lavoie) is doing an outstanding job with local arrangements. Additional information about the annual meeting and planned activities in Halifax can be obtained by contacting:

JOURNAL OF SHELLFISH RESEARCH

In the last issue of the NSA Newsletter (October 1986) it was announced that volumes 4 (1) and 4 (2) of JSR were mailed to members in September. As it turns out, only individual NSA members in the United States were included in this mailing. Shipment of JSR to institutional, Canadian, and other international NSA members was unfortunately delayed until December 1986. Because of this delay, you should receive your copies of volumes 4 (1) and 4 (2) in late December or January 1987. Dr. Ed Cake, former Managing Editor of JSR, Gulf Coast Research Lab, P.O. Box 454, Ocean Springs, MS 35506 is coordinating the mailing of JSR Volumes 4 (1) and 4 (2). Please contact Ed for information concerning the mailing date and/or replacement of unreceived copies of these two volumes of JSR.

CALL FOR PAPERS

This year’s Program Chairman, Roger Mann (Virginia Institute of Marine Science, Gloucester Point, VA 23062 804 642 7360) has announced the deadline for TITLES AND ABSTRACTS as APRIL 1, 1987. Use the abstract forms included in this Newsletter following the instructions on the reverse of the forms. Abstracts must reach the Program Chairman no later than APRIL 1, 1987. The Program Chairman emphasizes that ABSTRACTS RECEIVED AFTER APRIL 1, 1987 WILL NOT BE CONSIDERED. To submit an abstract for inclusion in the annual meeting program, prepare one original (form) and transmit it and two (2) copies and your personal (or institutional check) for $10.00 US (made out to NSA) to:

Dr. Roger Mann, NSA Program Chairman
Virginia Institute of Marine Science
Gloucester Point, VA USA 23062

Additional abstract forms may be obtained from Dr. Mann. Please indicate whether the abstract is for oral, poster, or either type of presentation. Please check the appropriate box if the first author is a student or recent graduate and, therefore, may be considered for the Thurlow T. Nelson Award. If you desire an acknowledgement of the receipt of your abstract, please enclose a self-addressed, stamped envelope. The final program will be published in the spring issue of the Newsletter scheduled for April/May.

CONTRIBUTIONS TO THE NSA NEWSLETTER

The purpose of the NSA Newsletter is to develop communication between members of the NSA and to serve as a forum for the distribution of information of interest to the membership. The Newsletter is published four times a year (spring, fall, winter, and ballot -late winter-) and prints items relating to NSA business matters, the Journal of Shellfish Research,
recent publications, future meetings, job placement, activities of other professional societies, and miscellaneous items of interest. All members are encouraged to submit materials to the editor of the NSA Newsletter by March 1, August 1, November 15, and January 15 to have items included in the spring, fall, winter, and ballot issues respectively. Send material to:

NEWS FROM COLOMBIA, SOUTH AMERICA

Universidad del Valle  
Cali, Colombia  
December, 1986

Esteemed Colleague:

We are planning a Latinamerican Malacological Congress in Cali, Colombia in February, 1988, and would be pleased to learn how many Latinamerican and North American malacologists could attend and present papers. We would thus very much appreciate it if you would respond with some information, indicating at least the general topic of your presentation, and return to:

Dr. Jaime Cantera K.  
Comitè Organizador I Congreso Latinamericano de Malacologia  
Universidad del Valle, Departamento de Biologia, A.A. No. 25360  
Cali, Colombia, Sur America

Please include the following information: title of presentation, author(s), address of author(s), and aids required for the presentation: overhead projector or 35mm slide projector.

Cordially,

Melbourne R. Carriker for  
Dr. Jaime Cantera K.

NSA PRESIDENT MALOOF NAMED NEW YORK STATE SEA GRANT DIRECTOR

Bob Malouf, current President of The National Shellfisheries Association and Associate Professor of Marine Biology at the State University of New York, Stony Brook, was recently selected from a field of distinguished candidates to be director of the New York State Sea Grant Program. Bob will coordinate Sea Grant Program activities from the SUNY Stony Brook campus effective January 1, 1987 once transfer of the former Sea Grant office from Ithaca, NY to Long Island has been completed. Congratulations Bob.
EMPLOYMENT OPPORTUNITIES

Dean of Agricultural Research and Director of the South Carolina Agricultural Experiment Station, Clemson University, Clemson, SC. This administrative position is responsible for the research program of the College of Agricultural Sciences, which includes eleven departments and four experiment stations. The candidate should have an earned doctorate in one of the agricultural sciences. Salary is commensurate with qualifications and experience. The deadline for applications is February 8, 1987, or until a suitable applicant is found. Applicants should submit a letter of application, complete resume, and names of five persons who will serve as references. Send to:

Dr. Richard O. Hegg, Head Agricultural Engineering Department Clemson University Clemson, SC 29634-0357.

Aquaculture Research Assistant I Mississippi State University, for research directed toward evaluating the commercial feasibility of redfish (red drum) culture in Mississippi. Duties include operational supervision of the redfish hatchery and the 26 pond research complex, assignment of work duties to assistants, and collection and analysis of data. Qualifications require a minimum of M.S. in aquaculture, fisheries, or a related field. Experience with finfish and/or crustacean culture is highly desirable. This is a full-time non-tenure track position with a February 1, 1987 anticipated starting date. Salary is commensurate with experience and academic training. Deadline for applications is December 31, 1986 or until a suitable applicant is found. Send letter of application, vitae, transcripts, and three letters of reference to:

Dr. Dale H. Arner Dept. of Wildlife and Fisheries P.O. Drawer LW Mississippi State, MS 39762 601 325 3133.

Graduate Student Assistantship M.S. Fisheries Biology, University of Massachusetts. Growth, reproduction and bioenergetics of Iceland scallops. This study requires a mature individual who can work with commercial fishermen and the National Marine Fisheries Service. This project is funded and work begins July, 1987. The assistantship is $6,500 per year with complete tuition waiver. Minimum requirements: Undergraduate GPA of B or better, 70th percentile on all sections of the GRE’s. Contact:

Dr. L. Deegan Dept. of Forestry and Wildlife Management University of Massachusetts Amherst, MA 01003 413 545 2757.
Position Sought: 1980 graduate with background in marine biology research, natural history and aquatic biology seeks growth oriented position with a commercial hatchery. I have some experience with shrimp, but I am interested in new species and new methods. Capable! Flexible! Enthusiastic!
Larry Abbott, 103 Huckleberry Lane, Dothan, AL 36303.

INSTRUCTIONS FOR JOB PLACEMENT SECTION

Employment opportunities in shellfish research, management and industry, including graduate student assistantships, and personal summaries for individuals seeking employment in these fields will be listed in the Newsletter. Employment openings should be described in no more than 300 words and personal summaries should not exceed 150 words. We cannot guarantee that employment announcements will appear before posted closing dates. Anonymous postal box returns are available for persons not wishing to publicize their search for employment.

Please forward descriptions of positions available or sought to:

1987 Annual Meeting of NSA
Halifax, Nova Scotia
August 9-13, 1987

INSTRUCTIONS FOR ABSTRACT FORMS

(ABSTRACTS FOR PAPERS MUST REACH THE PROGRAM CHAIRMAN BY 1 APRIL 1987)

At its annual meeting, the National Shellfisheries Association will have papers for both oral and poster presentation. Any individual may submit as many abstracts as he or she desires; however, no more than two abstracts from any author or coauthor will be accepted for presentation and publication. Submission of the same subject for a paper for oral or poster presentation is permitted; however, only one of the two will be accepted. For poster sessions, tackboards will be provided but no electrical outlets, projection equipment, or tables will be available.

Abstracts will be selected for inclusion in the program on the basis of significance in fields of shellfish research, informative nature, and broad interest. Subject matter must not have been previously published. The first author will be notified in writing concerning the acceptance of the abstract for inclusion in the program.

A page charge of $10.00 will be assessed for each abstract accepted. A $5.00 charge will be assessed if the abstract has to be retyped because of errors, etc.

PREPARING THE ABSTRACT

All abstracts will be reproduced for distribution at the Annual Meeting by offset printing; therefore, high quality typiing is essential. Abstracts received with inferior quality typing, or those not complying with the instructions below, will not be included in the program distributed at the Annual Meeting.

All abstracts must be typed using a standard black carbon ribbon or a relatively new black silk ribbon and preferably on an electric typewriter with ELITE type (e.g., IBM Prestige 72, 12-pitch, element number 143). Type the title (all capitals) and name(s) of author(s) (all capitals for last names), indenting lines and punctuating EXACTLY as shown in the accompanying example. An asterisk (*) should be placed after the last name of the author presenting the paper. Single space all typing on the abstract form. DO NOT LEAVE SPACE BETWEEN THE TITLE INFORMATION AND THE BODY OF THE ABSTRACT. The body of the abstract should NOT be indented, although paragraphs other than the first should begin three (3) spaces in from the margin.

The accompanying abstract form can be used for both oral and poster presentations. The entire abstract must be placed within the 12- by 18-cm rectangular outline. The space is designed to accommodate an average of 250 words typed with a standard ELITE typeface. A reproduction of the abstract form is NOT ACCEPTABLE. When using abbreviations, spell out in full at first use, followed by the abbreviation in parentheses. Any symbols, such as Greek letters, not on your typing element must be drawn in by hand in BLACK INK. REMEMBER, your abstract will appear in the program EXACTLY as you submit it; any erasure smudges, errors, misspellings, poor hyphenations, and deviations from good usage will be glaringly apparent in the published abstract.

ABSTRACTS MUST COMPLY WITH ALL OF THE ABOVE SPECIFICATIONS. Prepare one original (form), transmit it and two (2) copies, and your personal (or institutional) check for $10.00 US (made out to NSA) to Dr. Roger Mann, NSA Program Chairman, Virginia Institute of Marine Science, Gloucester Point, Virginia, USA 23062. Additional abstract forms may be obtained from Dr. Mann.

Abstracts must reach the Program Chairman no later than 1 April 1987. Please indicate whether the abstract is for oral, poster, or either type of presentation. Please check the appropriate box if the first author is a student or recent graduate and, therefore, the presentation may be considered for the Thurlow T. Nelson Award. If you desire an acknowledgment of the receipt of your abstract, please enclose a self-addressed, stamped envelope.

THE NATIONAL SHELLFISHERIES ASSOCIATION
WANTS YOU!!

The National Shellfisheries Association (NSA) is an international organization of scientists, management officials and members of industry that is deeply concerned and dedicated to the formulation of ideas and promotion of knowledge pertinent to the biology, ecology, production, economics and management of shellfish resources. The Association has a membership of nearly 800 from all parts of the USA, Canada and 18 other nations; the Association strongly encourages graduate student's membership and participation.

WHAT DOES IT DO?
- Sponsors an annual scientific conference.
- Publishes the peer-reviewed Journal of Shellfish Research.
- Produces a Quarterly Newsletter.
- Interacts with other associations and industry.

WHAT CAN IT DO FOR YOU?
- You will meet kindred scientists, managers and industry officials at annual meetings.
- You will get peer review through presentation of papers at the annual meeting.
- If you are young, you will benefit from the experience of your elders.
- If you are an elder, you will be rejuvenated by the fresh ideas of youth.
- If you are a student, you will make most useful contacts for your job search.
- If you are a potential employer, you will meet promising young people.
- You will receive a scientific journal containing important research articles.
- You will receive a Quarterly Newsletter providing information on the Association and its activities, a book review section, information on other societies and their meetings, a job placement section, etc.

HOW TO JOIN
- Fill out and mail a copy of the application blank below. The dues are ONLY US $18 per year ($15 for students) and that includes the Journal and the Newsletter!
